Orientation and Pedagogy:

Symbiosis Law School, NOIDA (SLS-NOIDA) is ushering in a transformative legal education era characterized by innovative learning methodologies, interdisciplinary knowledge, and a dynamic educational environment. Our unique pedagogical approach emphasizes theoretical understanding and the practical application of legal principles. We are committed to providing a highly interactive classroom experience featuring instruction from distinguished academicians and esteemed legal professionals.

At SLS-NOIDA, we recognize that comprehensive legal training extends beyond traditional lectures. Therefore, we prioritize the development of courtroom etiquette, research acumen, and advocacy skills through various experiential learning opportunities, including moot courts, mock trials, trial advocacy, pre-trial preparation, drafting of pleadings, and client counselling. We weave research into the fabric of our curriculum, emphasizing interdisciplinary collaboration among academic faculty, students, and industry partners. Contributions from members of the judiciary, the bar, the corporate sector, and international experts further enhance our commitment to excellence.

We utilize a Cumulative Grade Point Assessment (CGPA) system, which incorporates ongoing internal assessments alongside an external examination conducted at the end of each semester. Internal evaluations include diverse methods such as projects, tutorials, case analyses, essays, seminar presentations, viva voce, quizzes, drafting exercises, and simulated interviews. The open-book examination format promotes a deeper understanding of legal concepts, encouraging students to engage critically with the material rather than relying solely on memorization. By implementing these rigorous standards, SLS-NOIDA aims to prepare its students for the complexities of the global legal landscape, ensuring they emerge as competent and socially responsible legal professionals.
